NAS welcomes you into our Medicare Part B provider community!

Your enrollment has been completed as a(n) **Radiation Therapy Center** with Medicare Part B for dates of service beginning **November 5, 2007**. This enrollment is specific to the information provided on the application submitted. On this file you are identified as a **PARTICIPATING** supplier effective **November 5, 2007**. Participation in Electronic Funds Transfer (EFT) has been established beginning November 7, 2007.

Use the **National Provider Identifier(s) (NPI)** listed above to bill for services provided to beneficiaries at the location(s) listed. If you are enrolled as a group, you will receive a separate letter for each group member. Both a group NPI and a group member NPI will be needed to submit claims. If you are a participating organization, all claims will be paid as assigned. If you are a non-participating organization, claims will be paid as assigned or non-assigned as identified on the submitted claim.

The **Provider Transaction Access Number (PTAN)** listed above is particular to this enrollment. It is used as a second verification when accessing information via the Interactive Voice Response (IVR) system. When using this system, once the NPI has been validated you will be prompted to enter the PTAN to facilitate all IVR transactions.

Information on how to submit claims or how to enroll for electronic claims submission is available under the Education and EDI sections of our website, www.noridianmedicare.com. Newly enrolled Individuals, Groups or Organizations may also review the enclosed material for additional guidance. For help with future enrollments, please visit our Interactive Provider Application questionnaire at <https://www.noridianmedicare.com>.

If any of the information submitted on your application should change, you must notify our office of the changed information within 90 days using the appropriate CMS 855 forms. Please review the Enrollment section of our website for information on how to update your file.

NAS continues to use the website as our main avenue of communication for updates and bulletin publications. Providers can obtain weekly updates by subscribing to our e-mail list. NAS' goal is to partner with you to provide the tools necessary for accurate and timely claims processing.

Please keep a copy of this letter for your records.
