

PLAN PROVIDER AGREEMENT COMPENSATION EXHIBIT B

RADIANTCARE PHYSICIANS, PLLC

EFFECTIVE: January 15, 2025

This Compensation Exhibit sets forth the payment terms under this Agreement for the networks listed on the attached Networks Attachment.

PART 1 COMPENSATION

1.01 Fee for Service Payments.

- A. Plan shall pay the lesser of: (1) billed charges, or (2) an amount approximate to one hundred sixty percent (160%) of the current year Medicare Physician Fee Schedule (MPFS), whichever is less, for Covered Services provided to Enrollees. Such payments shall be reduced by the amount of applicable deductibles, co-payments, coinsurance or coordination of benefits payments as set forth in Section 4.01 of the Agreement. Resource-based relative value scale (“RBRVS”) services will be reimbursed at the current year CMS Relative Weight Scale, transitioned. The relative value unit (“RVU”) will be based on place of service and will be geographically adjusted based on Provider’s primary location.
- B. Clinical laboratory services will be reimbursed at the lesser of billed charges or one hundred percent (100%) of the current year CMS Clinical Laboratory Fee Schedule for Washington.
- C. Durable Medical Equipment (“DME”), Prosthetics and Orthotics (“P&O”), and Supplies (“DMEPOS”) services will be reimbursed at the lesser of billed charges or ninety five percent (95%) of the current year CMS DME/POS fee schedule.
- D. Parenteral/Enteral Nutrition (“PEN”) codes will be reimbursed at the lesser of billed charges or one hundred percent (100%) of the current year CMS PEN fee schedule.
- E. Anesthesia codes (00100-01999) will be reimbursed at the lesser of billed charges or an amount approximate to one hundred percent (100%) of the current year Medicare locality-adjusted conversion factor applied to relative value units (“RVUs”) from current American Society of Anesthesiologists (ASA) methodology.
- F. Immunizations, Chemo, and Injectable Drugs will be reimbursed at the lesser of billed charges or one hundred percent (100%) of the current year CMS reimbursement of Average Sale Price (ASP). In the event there is no Medicare ASP, reimbursement will be based on the Wholesale Acquisition Cost (WAC). In some instances, drug codes with no Medicare ASP will be priced at a rate based on the Average Wholesale Price (AWP).
- G. Physician Assistants and Nurse Practitioners will be reimbursed at eighty-five percent (85%) of the physician fee schedule described herein.
- H. All other Covered Services will be reimbursed at the Plan Fee Schedule.

This Compensation Exhibit will remain in force through January 14, 2028 (Initial Term) and will continue after this Initial Term unless terminated by either party pursuant to Part 6 of the Agreement.

This Compensation Exhibit supersedes any terms found in previous Compensation Exhibits that set forth Provider payment for Covered Services provided to Enrollees in the networks listed in Attachment A. The Plan Provider Agreement shall remain unmodified and in full force and effect, except as specified in this Exhibit or any other amendment to the Agreement.

IN WITNESS WHEREOF, the parties have entered into this Compensation Exhibit as of the effective date above.
