Dear Clinic Administrator: - - -

Effective Jan. 1, 2017, Providence Health and Services, which includes Swedish Health Services, Swedish Edmonds, and PacMed systems, won't be included in the Heritage Signature and, Heritage Prime networks. Providence Health and Services will continue to participate in the Global, Heritage, and Foundation networks.

A listing of Providence Health and Services providers not included in the Heritage Signature and Heritage Prime networks is provided on the back of this letter.

Your specialty is a potential referral source to Providence Health and Services. We're letting you know promptly so patients who need services can obtain them without delay.

What do I need to know?

- If you need to refer a patient to another provider, select an in-network provider to limit your patient's out-of-pocket costs. We've included a partial list of in-network providers outside of Providence Health and Services on the back of this letter. You can also go to premera.com and use the "Find a Doctor" feature.
- If a patient is currently receiving treatment from a Providence Health and Services provider for an ongoing or chronic medical condition, the patient may be able to complete their current course of treatment with the same provider without interruption. To discuss available options, call Care Management at 877-342-5258, option 3.
- We're also notifying our members about this network change. If your patients have questions, please have them call the Customer Service number on the back of their ID card.

Our goal is to help our members access appropriate, high-quality, cost-effective care while getting the most out of their benefit coverage. We apologize for any inconvenience this may cause you or your patients. If you have questions, please contact Physician and Provider Relations at 877-342-5258, option 4.

Sincerely,

Charles H. Levine
VP, Provider Network Management

Dear Clinic Administrator:

Effective Jan. 1, 2017, Providence Health and Services, which includes Swedish Health Services, Swedish Edmonds, and PacMed systems, won't be included in the LifeWise Connect network. Providence Health and Services will continue to participate in the LifeWise Preferred network.

A listing of Providence Health and Services providers not included in the LifeWise Connect network is provided on the back of this letter.

Your specialty is a potential referral source to Providence Health and Services. We're letting you know promptly so patients who need services can obtain them without delay.

What do I need to know?

- If you need to refer a LifeWise patient to another provider, select an in-network provider to limit your patient's out-of-pocket costs. We've included a partial list of in-network providers outside of Providence Health and Services on the back of this letter. You can also go to lifewisewa.com and use the "Find a Doctor" feature.
- If a patient is currently receiving treatment from an Providence Health and Services provider for an ongoing or chronic medical condition, the patient may be able to complete their current course of treatment with the same provider without interruption. To discuss available options, call Care Management at 877-342-5258, option 3.
- We're also notifying our members about this network change. If your patients have questions, please have them call the Customer Service number on the back of their ID card.

Our goal is to help our members access appropriate, high-quality, cost-effective care while getting the most out of their benefit coverage. We apologize for any inconvenience this may cause you or your patients. If you have questions, please contact Physician and Provider Relations at 877-342-5258, option 4.

Sincerely,

Charles H. Levine
