

MEMORANDUM

Date: September 5, 2025

To: PSW Provider Network

From: Ramon J. Guel, MBA, Director, Clinically Integrated Network

Subject: PSW Provider Agreement Amendment

PSW Provider Network,

Last week, PSW announced our partnership with SCAN Health Plan, a not-for-profit Medicare Advantage plan. This exciting collaboration marks a significant step forward for our network. As part of this transition, we want to highlight a few updates you'll see reflected in your upcoming contract amendment.

Reimbursement:

In previous Medicare Advantage arrangements, our Primary Care Providers participated in a capitated reimbursement model. However, PSW will not use the capitated model for the SCAN partnership in 2026. PSW will instead instill a singular rate amongst primary care and specialists within the network. This adjustment will streamline claims processing and reduce administrative burden for both your practices and PSW.

Value-Based Incentive:

PSW is hard at work creating incentive metrics for the network to ensure engagement, and high-quality patient outcomes for the SCAN Agreement. A new memorandum will be sent out when those are finalized later this year. If your practice has specific metrics, you'd like us to consider during this process, please let us know!

Attached to this memorandum is your Agreement Amendment. Please sign and return as soon as you are able. If you have any questions regarding this Notice or the Agreement Amendment, please reach out to Ramon J. Guel at ProviderNetwork@pswipa.com.

We look forward to continuing the advancement of value-based care in our community!

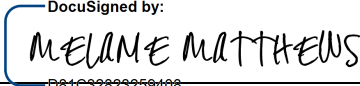

AMENDMENT to PROVIDER AGREEMENT

This AMENDMENT of the PROVIDER AGREEMENT (“Agreement”) is effective 10/01/2025 and is made by and between Physicians of Southwest Washington, LLC (“PSW”), and RadiantCare Physicians, PLLC

- 1) The SCAN reimbursement schedule, also known as “Exhibit B” is now included in the Agreement.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this Agreement in duplicate original.

EXHIBIT B

PSW Medicare Advantage Medical Plans

REIMBURSEMENT FOR COVERED SERVICES

Provider shall provide Covered Services to Enrollees entitled to receive such services. PSW agrees to reimburse Provider at the following rates or billed charges, whichever is less.

Professional Services

PSW agrees to reimburse Provider at 103% of current Medicare par rate. Medicare par rate is the standard rate payable to practitioner's providing services to Medicare beneficiaries following Medicare payment rules. Such Medicare payment rules include all rules applicable to Medicare payments whether currently in effect or retroactively applied by the Centers for Medicare and Medicaid Services (CMS) including, without limitation, sequestration or audit take back. Value Based Incentive (VBI) withhold is set at 3%. VBI metrics will be disseminated amongst the PSW Network no later than (NLT) 12/31/2025 via memorandum.

Ancillary and Other Reimbursement

Office based laboratory services are reimbursed at 65% of the current Medicare par rate. DME services are reimbursed at 85% of the current Medicare par rate. All other services, including, without limitation, radiology services, Part B drugs, physical therapy, optometry, and other ancillary services are reimbursed at current Medicare par rate.

For Covered Services provided to members without an established Medicare rate, PSW will reimburse Provider at 45% of billed charges.

Non-covered materials shall include, but are not limited to, the following.

- Convenience items
- Items not Medically Necessary

Nothing in this Exhibit shall prevent Provider from providing non-covered supplies to Enrollees on a usual and customary rate basis at customer's expense.

Billing and Payment Procedures

HIPAA compliant electronic submission of claims is required. PSW follows Medicare guidelines for processing claims.

Reciprocity

Provider agrees to provide services to any enrollee in a PSW contracted Medicare Advantage Medical Plan who is referred from a non PSW primary care provider and which member is not part of the PSW risk pool at Medicare par rate.
