Clinical editing changes effective January 2017

Dear Radiantcare Physicians, PLLC,

Regence Group Administrators, Inc. (RGA) will begin implementing additional code edits by Change Healthcare Solutions effective for all claims processed in 2017.

In an effort to ensure correct coding and claims processing, RGA is adding new validations in claims processing system. The Change Healthcare coding compliance system uses reasonable, sound logic and applies nationally recognized standards. The sources include:

- American Medical Association (AMA)
- Washington Publishing Company (WPC)
- Center for Medicare and Medicaid Services (CMS)
- National Library of Medicine-National Institute of Health
- U.S. Department of Health & Human Services (HHS) Office of Inspector General
- Specialty Societies (The American Congress of Obstetricians and Gynecologists (ACOG), American College of Radiology (ACR), American College of Surgeons (ACS), American Hospital Associations (AHA)

When review is needed, Change Healthcare will send a request specifying the information necessary to review and process the claim. Any findings for that claim will be included on your RGA Explanation of Provider Payment.

RGA will continue to follow Regence's reimbursement policies, when appropriate. Those policies are available on the Regence provider website **regence.com**: Library>Policies and Guidelines>Reimbursement Policy.

If you have any questions, please contact the RGA Payment Integrity Department at 1(800)738-3924.

Sincerely,

Regence Group Administrators
