Subject: Shavara Support Case Number 00006088

Hello Debra,

RE: Case 00006088, Subject: Need to Ck Payer ID set up/enrollment for UHC Comm Plan Medicare/medicaid and UHC West
Charge Status: No Charge: Enrollment

Your support case has been updated. See the update information below.

Transfer is done. Now if pt has UHC Community Plan Medicare, you have to select the service center from UHC of WA Community Plan (medicare).

For UHC WEST, you added a service center under Unitedhealthcare, that is incorrect. It has to be an Insurer Network UHC WEST, with a service center containing the appropriate address.

http://help.iridiumsuite.com/help/MyWebHelp/Content/insurers/Insurance%20Company%20Management_adding.htm

Please create Insurer Network UHC WEST. Create a Service Center(s) as needed, then let me know so I can add the payer IDs.

Please reference this case number when communicating with our Support Department regarding this request.

We appreciate your business. We will keep you informed of our progress concerning your case.

Best regards,
Shavara Support Department
Phone and Fax 800-788-7440
